

BarrierTek: The Green Side Up

A World Without Catastrophic Fires

Offers high performance fire protection without taxing the environment.

Only low VOC coatings are used ensuring compliance with LEED standards for emissions.

Coatings are non-toxic and safe for disposal in landfills without special treatment.

ProTEKtor® is non-carcinogenic and safe to handle without special protective measures.

Save unnecessary use of natural resources by having to rebuild in the case of a fire.

ProTEKtor® is used to treat wood panels, which are a renewal natural resource.

Green building certification programs: Canada

The use of BarrerTek ProTEKtor® fire-rated sheathing can assist in the qualification of leading green building programs. The following table is intended to guide you in identifying the relevant subsections where you could potentially obtain points towards certification.

Green building programs change frequently, and requirements may vary in later versions. For support in obtaining credit information and the required documentation, please call (780) 612-7740.

Program	Category	Section	Item	Description	Points
LEED Canada for Homes	Innovation & Design	Innovations in Design	ID 3.1, 3.2, 3.3 & 3.4	—	Up to 4
	Materials & Resources	Environmentally Preferred Products	MR 2.2	Use of products that were extracted, processed, and manufactured within 800 km (500 miles) of the home if moved by truck or within 2400 km (1500 miles) if moved by rail.	1/2
LEED Canada for New Construction & Major Renovations	Materials & Resources	Regional Materials	MR 5	Use of products that have been extracted, harvested, recovered, and processed within 800 km (500 miles) (2,400 km if shipped by rail or water) of the final	1 to 2
	Indoor Environmental Quality	Low Emitting Materials	IEQ 4.4	No added urea-formaldehyde	1
	Innovation & Design	Innovations in Design	ID 1.1, 1.2, 1.3, 1.4, 1.5	—	1 to 5
BuiltGreen	Business Practice	Products used are manufactured within 800km	8-1	—	1 to 5
	Business Practice	Manufacturer has written environmental policy that includes office recycling and energy efficient lighting	8-6	—	1
